**Arbeitsort:** Thormeyer Straße 1, 01877 Bischofswerda

**Einstellungstermin:** nächstmöglich

About us: B&W Handelsgesellschaft mbH is a European-wide online specialist retailer for electronic accessories, spare parts and consumables for electronic devices. We import high-quality, compatible product solutions and develop and produce our own innovative products under our own brand. Sticking to our motto Quality with passion, we have established ourselves as a young, committed and dynamic team with over 100 colleagues on marketplaces such as eBay and Amazon, as well as with our online shop Electropapa.com. Over 2 million customers in 86 different countries and over 10 million positive customer reviews in the last 15 years speaks for itself. What are we looking for? DevOps Engineer, Cloud Engineer, IT Infrastructure Enthusiast, IT Rockstar There are many job titles when it comes to the role of designing IT infrastructure, implementing our software landscape in the Cloud, and automated monitoring of cron jobs and web applications. No matter which title you identify with, in this role you will independently run internally developed software and open source modules for us in agile projects in a cross-functional way and with an array of technical details in the Telekom Cloud or our Kubernetes cluster. Our DevOps stack (GitLab | Apache Tomcat / NGINX | MySQL / Postgres / Elasticsearch | Redis / Apache Kafka | Linux / Windows Server | Docker / Telekom Cloud / On-Prem Kubernetes Cluster | Grafana / Nagios) is not set in stone and you will have the opportunity to change and adapt thi...
